

Portfolio Manager

Location: Ghent, Belgium

Job description

Ziphius Vaccines is a pharmaceutical company that focusses on the development of RNA-based vaccines. We are currently looking for a Portfolio Manager to support our research and development projects. You will be working in a young and dynamic environment where collaboration and teamwork are encouraged.

You will be responsible for:

- Ensuring value creation in function of the company's strategic goals
- Development of analytical approaches to support no-regret decisions
- Perform scenario planning and impact analyses
- Defining concrete actions based on relevant data
- Supports business opportunities and relevant activities
- Define and execute assigned action plans related to target situation
- Communicating results, updates, and recommendations to colleagues and management.
- Working collaboratively with other scientists, technicians, and colleagues as part of a multidisciplinary project team.

Preferred qualifications

- A master's degree in pharmacy, biomedical sciences, or any other scientific degree that allows you to fulfill the above-mentioned tasks
- Strong analytical skills
- Effective communication skills, including presentation skills
- Expertise with self-amplifying RNA is a plus
- Planning and organizational skills
- Ability to lead and drive change
- You are meticulous, results-oriented, quality-minded, with strong organizational skills and can work independently within your area of responsibilities.
- Strong written and oral communication skills in English, comfortable with a "start-up environment".
- Effective interpersonal skills, facilitate effective teamwork.
- Ability to meet deadlines, with a high degree of accuracy and efficiency.

What we have to offer

The position is full-time. We offer a market-compliant salary, including an attractive package of fringe benefits. We offer you a challenging career in a dynamic and fast-growing company, including opportunities for strong personal development within a multidisciplinary environment.

Why Ziphius Vaccines?

Ziphius Vaccines' team consists of a well-balanced, diverse group of people with complementary skills. The team members are united by their common passion for science. Ziphius has a culture of creativity and innovation, supported by its values that include Transparency, Respect, Courage and Integrity.
